Technology Partner Spotlight: Business Development Solutions

FrontRange Solutions is pleased to announce the certification of a new product by Business Development Solutions called BDS GoldNotes™. BDS GoldNotes combines GoldMine® and Lotus Notes e-mail, calendar and contact synchronization. Now you can use the power of GoldMine for contact management together with Lotus Notes for scheduling and for sending and receiving e-mail!

Capabilities with BDS GoldNotes:

- Send and receive e-mail with Lotus Notes, and have the messages and attachments log into GoldMine
- Schedule activities in either GoldMine or Lotus Notes and have those scheduled activities appear in the other system
- Synchronize a group of contacts between GoldMine and Lotus Notes as well as additions, modifications and deletions to that group

For more information, please contact BDS at 856-787-1500 or clientservices@bdsdatabase.com, or visit BDS's Web site at www.bdsdatabase.com/goldnotes.html.
